Experience

GOOGLE / UX Researcher (contract via Xpand) jul 18 - present

Conducting weekly studies across multiple domains within Google Maps in the Rapid Research team, and reporting insights to other researchers, designers, product managers and engineers. Research efforts include both exploratory and evaluative methodologies.

SEVEN WEST MEDIA / UX Researcher may 18 - jul 18

Worked on design culture and processes to help educate the wider team about user centred design and research. Started a research repository to be used by the whole digital team, combining insights from multiple sources.

AIRTEAM / UX Researcher aug 17 - may 18

Worked across multiple projects to plan, conduct, and analyse research. Helped a wide range of clients to identify and define problems then explore them to learn more about users.

UNIVERSITY OF SYDNEY / Teaching Assistant aug 17 - nov 17

Taught foundations of interaction design including research planning and execution, as well as UI prototyping.

CENTRE FOR INCLUSIVE DESIGN / A11y Consultant may 16 - jul 17

Conducted accessibility research to help clients make their digital experiences more inclusive. This involved heuristic evaluations, WCAG 2.0 AA auditing, and conducting usability testing with users living with disabilities.

Speaking & Volunteering

IXDA / Mentor spring 2018

Co-mentoring the UX Research group.

DDD DEVELOPER CONFERENCE / Speaker 2018

Creating partnerships between interdisciplinary teams
